

WHAT WE'RE ABOUT AT Skin, Body & Health Renewal ...

Skin, Body & Health Renewal is proud of its holistic approach to anti-ageing and aesthetic treatments. The company's aim is to provide clients with an opportunity to optimise their health and well-being while looking and feeling their best.

Skin, Body & Health Renewal offers non-surgical anti-ageing procedures, weight loss programmes and body-sculpting, as well as diagnostic health screenings and sleep studies. It is a truly holistic anti-ageing service.

Dr Maureen Allem, founder and medical director at Skin, Body & Health Renewal, says: "Our integrated approach makes this company special. There's no other anti-ageing company in South Africa that

tackles ageing and the development of self-esteem from as many facets as we do. Our continuing investment in the latest anti-ageing technologies and products, as well as in staff training, enables us to offer combination treatments, giving infinitely better results."

Dr Allem opened the first branch in Johannesburg in 2005. Today, 15 luxurious clinics are spread across the country in Johannesburg, Pretoria, Cape Town and Durban, making Skin, Body & Health the largest company offering holistic anti-ageing solutions countrywide.

A team of 19 medical doctors are all united by their special interest in a holistic approach to preventing and treating the

inward and outward signs of ageing. The doctors are supported by a team of 160 staff members, including 9 nurses.

Some of the latest technologies that we at Skin, Body & Health Renewal have invested in and are available at the Umhlanga branch are the Fraxel Dual Laser, PDO Threads and Obagi Medical treatments and products.

Skin, Body & Health Renewal is well positioned to offer world-class treatments and programmes to its clients.

To find out more about the treatments we offer, visit www.skinrenewal.co.za or contact 031 566 3590 to book your individual assessment.
