

## **NEW! MAGIC NEEDLE MESOLIFT!**

Do not stop smiling! Yes, smiling eventually causes lines and wrinkles, but help is at hand. Dermal fillers can treat deep static lines, but now, the new **Magic Needle Mesolift™** technique at Skin Renewal will also take care of those small wrinkles that appear in areas where one cannot use filler and no amount of cream seems to help.

Besides, having taken care of that little problem, you will have all the more reason to smile!

**Dermal fillers** treat volume loss and are used to plump up areas where there are deeper static lines mainly caused by repetitive facial movement – like smiling, frowning, squinting in the sun, etc.
