

ABOUT SKIN, BODY & HEALTH RENEWAL

Skin, Body & Health Renewal is proud of its holistic approach to anti-ageing and aesthetic treatments. The company's aim is to encourage clients to optimise their health and well-being while looking and feeling their best, too.

Skin, Body & Health Renewal offers non-surgical, anti-ageing procedures, weight loss programmes, body-sculpting procedures, as well as diagnostic health screenings.

Dr Maureen Allem, founder and medical director at Skin, Body & Health Renewal, says: "Our integrated approach makes this company special. No other anti-ageing company in South Africa tackles ageing and the development of self-esteem from as many facets as we do. Our continuous investment in the latest anti-ageing technologies, products and staff training allow us to offer a combination of treatments, giving infinitely better results."

Dr Allem opened the first branch in Johannesburg in 2005. In 2007, a branch was opened in Cape Town, and in 2010, the branch in Stellenbosch followed.

Victor Snyders, the company's CEO, comments: "We capitalised on the right opportunities that came our way. We had to develop systems and processes that could effectively accommodate the fast-growing business."

Today, 15 luxurious clinics are spread across the country in Johannesburg, Pretoria, Cape Town and Durban, making

it the largest company offering anti-ageing solutions across the country.

Dr Allem works with a team of 19 medical doctors – all with a special interest in the holistic approach of preventing and treating the inward and outward signs of ageing. The doctors are supported by a team of 160 staff members, including nine nurses. Dr Andre Truter and Dr Rulene Maré share this passion with their clients at the Stellenbosch branch. The treatments include:

Skin renewal: 3D liquid facelift using botulinum toxin anti-ageing injections and dermal fillers, chemical peels, pigmentation and rosacea treatments, lips and eye rejuvenation, sun damage reversal, age-defying facials, jaw line definition and acne treatments.

Body renewal: Medical weight loss programme Slender Wonder, cellulite and body sculpture with fat, freezing treatments, radiofrequency, carboxytherapy, hair and vein removal stretch mark treatments, and hand, neck and décolleté rejuvenation.

Health renewal: Health renewal integrative consultations, suggested blood tests for hormone assessment and balancing, nutritional supplement advice, IV treatments, as well as ozone therapy.

Some of the latest technologies available at the Stellenbosch branch are the Fraxel Dual Laser, Titania Radiofrequency and Obagi Medical treatments and products.

Skin Body & Health Renewal is an aesthetic and anti-ageing company focusing on a holistic approach. This ensures that its clients take their well-being seriously as well as looking and feeling their best.

To find out more about any of the treatments offered, visit www.skinrenewal.co.za or contact 086 126 3972 to book your individual assessment.
