

Pigmentation Results After My 4th Fraxel Dual Laser

June 21, 2016

So, as most of you know I've been doing **Fraxel Laser** at [Skin Renewal](#) and yesterday marked three weeks following my 4th and final session. If you've been following [my Fraxel Laser journey](#), you'll remember [how prominent my pigmentation was before starting with Fraxel](#) in January this year. Now, nearly 5 months later and 4 Fraxel's done and dusted, I can't begin to tell you what an amazing improvement it has had on my skin. Today, I'll share my final thoughts.

Fraxel Dual Laser, has without a doubt been the **most effective pigmentation treatment I have ever done and the only thing that really worked.**
